

Hold On

Hold on just a little while longer,
Hold on just a little while longer,
Hold on just a little while longer,
everything is gonna be alright,
everything is gonna be alright

Pray on just a little while longer X 3
everything is gonna be alright X 2

Fight on just a little while longer X 3
everything is gonna be alright X 2

Sing on just a little while longer X 3
everything is gonna be alright X 2
